

Newsletter 2 – November 2023

During the latest months, ROMOTICS consortium works really hard to deliver the results of the first period of the project. We have meet in Vernon, France during the summer and we had the chance to stay together in Alba, Italy.

Let's see in deeply what we have done....

The LTTA in Alba

The ROMOTICS partners had the chance to learn and teach a lot during this 3 days - activity in Alba, hosted by APRO Formazione.

7th November

during the 1st day we discussed a lot about the AMR Training course. We have improved our competences and we have shared our knowledge with other professors and educators, presenting the ROMOTICS Project.

Partnership

Co-funded by
the European Union

Newsletter 2 – November 2023

8th November

During the 2nd day of our training we had the chance to meet experts from SEW – EURODRIVE Company, that trained us about the AGV solutions.

We have also show them our project, the work we are currently doing and what we expect for the future.

9th November

During the last day, we discussed about the contents that we are currently developing and the next steps of the project
